Description

Pass Par Tour is a fully licensed and registered incoming travel agency based in Sardinia, a paradise island with the highest concentration of centenaries in Europe, which is apparently due to the very healthy local diet. As per the Cape Town 2002 declaration, we aim to offer more enjoyable experiences for tourists through more meaningful connections with local people, and a greater understanding of local cultural, social and environmental issues. Our tours can include: Meeting local centenaries and learning about their diet Dining with local families Fishing with fishermen Making cheese with the shepherds Sail and dining along the stunning coastlines Visiting private wine cellars. Cooking traditional dishes. Picking olives and local fruits Visiting local markets and honey, fish and bottarga farms Stepping back in time where Sardinians lived more than 3000 years ago And much more... Whenever is possible we will promote accommodation within the Albergo Diffuso model, which includes traditional farms and manor houses converted into beautiful B&Bs and boutique hotels.
